

Village of Crooksville

Council Workshop Meeting

November 12, 2024

Mayor Mohler calls the meeting to order with the following council members present: Mr. Hampton, Mr. Locke, Mr. Loomis, Mr. Redfern, Ms. Smith and Mr. Walters. Lacey Tumblin and Courtney Edwards were also present.

First up on the agenda, Scott Owen, Perry County Commissioner, was present to discuss AED's and the need for more. He stated that it is no cost to the Village. He needed to know from the council if they were ok to receive some free AED's. The council all agreed that it would be nice.

Next up, Mrs. Tumblin stated that they had their start up meeting for the B1/B6 meeting. George Spears, Paul Mills, Grant Schooley, The Contractor, the Ryder Company, people from the railroad company and AEP were all present. The project contract start date is November 12, 2024. The project substantial completion date is August 9, 2025. The final completion date is September 8, 2025. The generators are extremely backed up.

Next, Mrs. Tumblin stated that there have been a ton of issues with people tearing down the Christmas lights. There were a group of kids that tore up both restroom doors at the park. If we must replace the doors, they are around \$3000. She stated that some of the children have been identified and the parents are being held responsible for damages. She would like to put it out there on Facebook to let everyone know that they are on camera and will be held accountable for their actions. The council all agreed that it would be a good idea.

Next up, Mrs. Tumblin updated the council about a grant that she will be sitting in on a meeting about mosquito spraying for next year. There is another meeting for a public water system grant. She would like to be able to apply for a generator for state route 345, the water booster station. They also sat in on a meeting about the downtown work. The water plant is now offline. She stated the guys did a great job and worked really hard along with George and Paul.

Without any further discussion, the meeting is adjourned.

Chris Mohler
Mayor

Courtney Edwards
Fiscal Officer
