

**Village of Crooksville**

**Workshop Minutes**

**May 26, 2020**

Mayor Mohler calls the meeting to order with the following members present; Mr. Rice, Mr. Locke, Mr. Hampton, Ms. Smith, Mr. Loomis, Mr. Allen. Tom Collins was also present.

Up first for discussion is whether or not we should open the shelter houses for rental. Some residents have already reserved, and paid for the use of the shelter houses. Many Council members remark that they have seen people using the shelter house as well as the playground equipment. All of the COVID-19 guidelines will need to be followed; that includes social distancing (keeping at least 6 feet away from each other), and social gatherings need to have ten or fewer people in attendance. The question is how will we keep everything clean and sanitized to keep the public safe during these uncertain times. State Parks are open, but have all restrooms and water fountains shut down. The big question is how do we police the use of the shelter houses and the playgrounds to ensure that all regulations are being followed, and who would do the cleaning of the area. Many Council members feel that we should not reserve the shelter houses, but to allow them to be used on a first come first serve basis, with the understanding that there will be no restrooms available. Mayor Mohler will consult with Jan Baughman to see what would be the best course of action. He also plans on getting in contact with Chad Cook from the Perry County Health Department to get their take on the situation.

At this time the Administration Building still has the doors closed to the public due to the health risk opening the doors would present to the staff. Places that are open to the public require all staff members to wear face masks. There is a discussion on when we do open the doors if the public would be required to wear face masks while in the building.

Mr. Locke wanted to thank the Fire department for their quick response at his home. He had an oven fire. Council goes into Executive Session for Real Estate 121.22 (G)(2). Out of Executive Session with no decisions being made. With no Further discussion Mayor Mohler calls the meeting to be adjourned.
