Special Meeting Adjourned.

First up on the agenda is quotes to replace the north side downspouts from 4" to 6" at the large shelter house. Another one is to do the entire bathhouse at the pool. They have McKee Paving estimate for the parking lot at the water treatment plant.

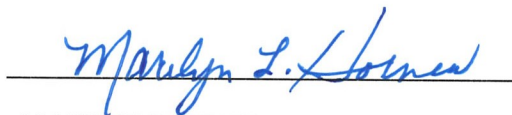

Adam Giannini who lives at 119 High Street is here to address some complaints. The alley between High Street and Hall is in terrible condition and needs fixed. He also has a complaint on the noise around his house, and asks about the noise ordinance. With the loud traffic such as buggy's, four wheelers, and dirt bikes being driven late at night up and down the road. Council discussed some alleys around town that need paved and would like to try to get a few fixed in the near future.

Ralph Hill says EMS runs are up this month. We had a good busy first week of the pool.

Without any further discussion, the meeting is adjourned.
