She states that she is here to share information regarding the Ohio Disaster Declaration 21934. She states all the municipalities that are under Perry County are eligible for physical damage loans and economic injury disaster loans from the SBA. She proceeds to give information such as, homeowners and renters can use the loans to replace personal property including vehicles. She states that the deadline for the physical damage loans is December 1st. She passed out some flyers and said she will follow up on anything that the council would like her to. Any businesses that they think would like to know about the loans. Mayor Mohler asked how it is underwritten and she stated that she is not on the underwriting side. She said it would be a case by case. She stated that's why it would be good for the residents to come in and talk to the customer service reps one on one and they can walk you through and answer their questions. They are still set up at the Roseville Community Center, along with other helpful resources.

Mrs. Tumblin states that we have been looking for a dump truck and haven't had any luck. The guys found one and are going to go look at it tomorrow. She stated that we ended up with $41,407.00 from the insurance from the old dump truck. The truck they are going to look at is a 2025 3500 Dodge Ram with 25,000 miles. They would be putting a new steel dump bed and a v plow. It would be $76,643.49. We have been trying to save money on repurchasing other vehicles and equipment to help offset the costs.

Ms. McKinney asked what residents are supposed to do with their leaves that they rake up. The village and the trash companies do not pick up. Mayor Mohler said they could mulch them up.
